## A Mystery Explained.

The papers contain frequent notices of rich, pretty and educated girls eloping with wealthy traders or cashmen. The well-known specialist, Dr. Franklin Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced, easily subjected to ridicule, neurotic, sleepless, immature, crying or laughing. These show a weak nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and fine line of counter-irritants, making a course free at J. W. Gayle's, who also sells and guarantees Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cure fluttering, short breath, etc.

## State Teachers' Association.

At Paducah, Kentucky, the prettiest city in the State, June 28, 29 and 30, the State Teachers' Association will meet in its annual session at the above place and time mentioned.

The railroads of the State have given free passes for round trip to all members (the L. & N. will require membership certificates when tickets are purchased).

The new and elegantly furnished Palmetto House has been selected as headquarters for the association and has reduced rates to \$2.00 per day for one person in a room and \$1.50 where two persons occupy the same room. There will be ample room in this house, but if any prefer a cheaper place, the rates at the St. Nicholas will be \$1.00 and \$1.25 per day; at the Hart House 80c and Dale House 75c. Besides these cheap rates, the Entertainment Committee will have provided free entertainment in private families for all who may want it.

The meetings will be held at Moore's opera-house unless the weather is too bad, when they will be held at the new electric street railway Park has been selected. This park is just outside the city limits and is on the line of the Electric street railway, sufficient cars of which will be chartered for the occasion.

## HOW AND WHAT TO DO.

When you reach the city you will be met at the depot or wharf by members of the Reception Committee who will take you at once to the Secretary, who will conduct you to the office at Mr. McBrown's office, corner of Fifth and Court streets, there enroll and get a membership badge, which will entitle you to ride free on the street cars, free entertainment if you wish, and reduced rates at the noted hotels, furnish first-class members the city will be full of people, so no reductions or favors can be shown anyone without the proper badge. The exhibit work which will put up in the High School building will be an important feature of the meeting and will more than repay any one a trip across the State to see it. The leading schools of Kentucky and some from other States will have exhibits.

Come and see it, you cannot afford to miss it. Get ideas from the leading educators of the State, then go home and each a better school next year.

## LOCAL COMMITTEE.

## Height of Cruelty.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. They are subject to fits of uneasiness, incontinence, the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spasms, and finally swelling of ankles, oppression, choking, fainting and dropping. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine treasure on "Heart and Nervous Disease" and marvelous testimonials free. Sold and guaranteed by J. W. Gayle.

### Prof. Case's School

Closed yesterday for the summer vacation.

The Fourth Annual Session will begin September the 15th, 1892. There were no public exercises connected with this school, the principal holding that such exercises are not worth the time spent in preparing them, to say nothing of inflicting them in the hot weather on the patience of a long suffering public.

The examinations were written and were conducted after the manner of college entrance examinations.

# GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with.

# Atkins' Patent Concave Tooth Dexter.

DIXIE'S FAVORITE. FOR THE WOODS OF THE SOUTH IT HAS NO EQUAL.

The patent by which this saw is protected consists of a depression of the face, the cutting teeth through the center from point to base, thus removing all friction while in use, giving strength and stiffness to the teeth and increasing three-fold the durability of the "set." WE CHALLENGE THE WORLD to produce a saw equalling the ATKINS FAST CUTTING DEXTER.

PRICES: Silver Steel, Including Handles, \$1.00 per foot.  
Special Steel, Without Handles, .75 per foot.

### Beware of imitations.

The large demand for the ATKINS CONCAVE TOOTH DEXTER SAW has led competitors to make inferior grade saws which they call "Dexter" or "Concave-tooth." These inferior saws are made from a lower grade of steel, inferior workmanship, and without the patent concave tooth.

Ask your hardware dealer for the "ATKINS DEXTER" and take no other. If the dealer will not order it for you, remit amount with order direct to us.

Wing, a convict from Caldwell county, which was replied to in the same vein by the President of the Louisville society, and flowers were also distributed. These services are always greatly enjoyed by the convicts, and flower mission day is always looked for with anticipations of great pleasure by them. Educational Notes.

BY A BREATHITT COUNTY TEACHER. The addition of \$600,000 to the present common school fund of \$1,400,500 will, in the opinion of the people of Kentucky, add a new era in the history of popular education in Kentucky. Its inauguration—with many other innovations—will create a demand for better school-houses and a higher standard of

qualified teachers than have hitherto existed.

The work of the General Assembly is one of great importance and responsibility, and its mission should be to arouse Kentucky from her former state of lethargy and infuse new life and energy into her body politic.

Many educational reforms are needed.

Many sections of the present school law need to be revised, viz: Change the end of the common school year from June 30th to August 1st.

Change the date of the first session to six or eight months uniformly for all schools; payment of the salaries of teachers monthly, and the scale of salaries to be determined by the number of certificates provided for the payment of trustees for necessary services actually performed; the election of County Superintendents for six or eight years instead of four.

Constitutional law, and judicious penalties for the enforcement of the same; fines and penalties against trustees in the employment of incompetent or lower grade of officials; and those providing high fees—unless for good and valid reasons, those reasons being subject to the approval or disapproval of the County Superintendent; grading of the schools, etc.

Music, both vocal and instrumental, while not an essential is at least an admirable feature of the school-room which should receive attention.

To be a good singer is quite an accomplishment and should be coveted by all who are able to exercise the divine gift.

As a hygienic measure there is nothing more important to the health and strength of the lungs.

He was cured by a 50 cent bottle of Chamberlain's Pain Balm." This remedy is without an equal for sprains and bruises and should have a place in every household. For sale by J. W. Gayle, Druggist.

### Odds and Ends.

WE NATIVES of Frankfort have been accustomed for generations to say "We can't keep Frankfort boy down," and it occasions no surprise to me when I learn of how well our boys and girls are doing at school and college. Mr. Herbert, Mr. McClure, Jr., and others who recently graduated from College, Danville, carried off the prize for scholarship in the Sophomore class at the commencement this week, and no one who knows him and the head he has on his shoulders will doubt that he will be a credit to his College, when in the city recently, spoke in the most flattering terms of Mr. McClure, and predicted for him a most successful career in life. Mr. M. D. Hardin on the highest honors at the same college for Oratory, as will be remembered.

NOT TO BE OUTDONE by the boys, Miss R. E. Ely, who is attending Owl Creek College, has won a name which has ably sustained the girl's reputation by carrying off the gold medal from a number of competitors. Miss Ely is the youngest daughter of Dr. Jas. R. Ely, and is very popular with all there. Know her, both young and old.

MR. JOHN P. STEWART, who is now studying medicine in Louisville, has been visiting his father at the F. M. L. for the past two weeks. He is a doctor and is destined with his profession, and I predict he will make a successful M. D. He left yesterday with his father to attend the National Convention of Superintendents of Schools. Minded to return, to be held near Philadelphia, after which they go on a pleasure trip to New York, Old Point Comfort and other eastern points.

THE OLYMPICS, of Louisville, are one of the most gentlemanly clubs that ever played here, and although they did kick a little in the eventual seventh inning of the game Tuesday, they took everything, when the game had in the crowd, the greatest good humor. It was an inimitable piece of sarcasm, however, when one of the crowd of small boys which followed the shortsighted "saw" Mister, went out to get you fellows to our picked meadow. That caught the crowd, and made the poor Olympics' lives miserable.

I WOULD SUGGEST, however, that the home people do a little less crowing, and a little more of the wood. The team which the Olympics will bring here on the glorious Fourth will be much stronger than the one here Tuesday, and the great Young will be in the lead of the race. It need not surprise any one should our boys yet be forced to lower their colors to their now vanquished rivals.

IF THOSE CARPING CRITICS who systematically ridicule the "sweet girl" graduates could see the fever of unrest which possess the s. g. g. for several weeks before the commencement exercises take place, they would have more to sympathize with and less to criticize. One of my young friends, who is a member of the High School graduating class, told me the other day that she could not get the

subject of her essay off her mind day or night. "I have it all written out," she says, "but I have to stop and think over it again and again to imagine what a state of mind I am in always trying to see how much of it I can remember. I am sick and tired of the very name of it." And my friend is considered one of the brightest girls in Frankfort, too.

THERE WAS AN INNOVATION in the Center College Commencement which would be a very pleasing one if generally adopted by other schools. In this section, as in a Field Day, devoted to athletic sports and contests, Mr. T. Lindsey Blayney, of this city, was one of those most prominent in the exercises, and proved himself a decided and brilliant athlete. The motto of the colleges is getting more and more "Mens sana in corpore sano."

AS I HAVE before remarked, what a pity it is that no interest is taken in aquatic sports here. Every time I take a look at that splendid racing course between the L. & N. bridge and the long stretch of water, I wonder how many race there. With our base ball club and cycling club and our trotting association, the monotony of the summer is somewhat relieved, but still more might be done to furnish some amusement at slight expense if we would only take the water as a source.

I RECENTLY HAD occasion to make a short trip to the country, where I am more and more reminded of the truth of the old saw, "God made the country but man built the cities." Why any one who could live in sight of the great beauty of nature, as is exemplified by this portion of country, should prefer the city as an abiding place is past my feeble comprehension. The Versailles pike, the Georgetown Pike, the Lawrenceburg pike, etc. in fact, are all of present beauty of scenes of beauty as may well make one pause and reflect upon the power which could create such marvels.

### Cycling.

Messrs. Ben Marshall and John Selbert rode from here to Lexington and back via Paris and Georgetown last Sunday. Distance 80 miles. Their way was rough and rugged, they did not push themselves. Messrs. Chas. Long and Earl Rogers rode to Lexington and came home via Georgetown, not going to Paris. Several other runs were also made, and altogether it was a great day for cycling.

It is very probable that a large number of the local members of the L. A. W. will attend the Lexington meet. No one will be allowed to ride on the train upon pain of being fired from the local club.

The new members are showing up in fine style and the older ones will have to look to the laurels. The club will have a championship race at the Lexington meet.

Sweaters are becoming more and more popular as a sport of a cycle suit. Nearly all the local wheelmen have ordered one.

The Club colors of the Blue Grass Wheelmen at the Lexington meet will probably be blue and white.

Local Concl Selbert is the best man for the position Frankfort wheelmen have ever had. He is one of the hustlers who know what it is to work for the league. Every membership for this city has been renewed, which is more than any other place in the State, large or small, can say, and it is owing to Selbert's efforts that it is the case.

A couple of Louisville wheelmen rode over Saturday and took in the town with their kodaks. They had rather a rainy day of it, however.

Messrs. Crutcher & Roberts at the ROUNDABOUT office have accepted the agency for Poorman, of Cincinnati, as well as Prince Wells, of Louisville, when you want anything in cycles or cycales it is safe to call on them.

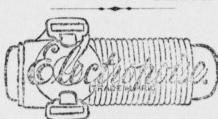

Eleven weeds were sold in Lexington last week and many are thinking of purchasing. The girls there are taking the matter up which account for the sudden increase in popularity. It will be a great day for cycling here when some of those faint-heared fair ones let their reason get the better of their dread of Mrs. Grundy.

Jeff Tucker, a hoodlum from the Point, got a bullet of \$25 and fifty cents in his side in the city court this morning. Last September Tucker and a gang of hoodlums attacked a party of bicyclists who were returning from the Soldiers' Home, at Harrod's Creek. Stones were thrown at several of the girls, and one of the riders, Mr. W. W. Kling, was jerked violently from his machine and hurt severely. A warrant was sworn out

for Tucker, who was the ring leader. He skipped out, returning last week. Officers found him, and he was run in.

The officers of Kentucky Division, Legion of American Wheelmen, pushed the prosecution and the heavy penalty stated above was inflicted. It has become dangerous for wheelmen to ride in the suburbs of this city on account of frequent attacks by hoodlums and old hoodlums, and the L. A. W. officers say they are determined to break up the practice. Tucker's case is the first one brought to trial. Others may follow. Mr. W. W. Watts assisted Judge Thurman in the prosecution. — Courier-Journal, June 9.

### BEARINGS.

### ELECTROPOISE.

Unless about ten thousand men, mainly professional men, lawyers, physicians, teachers, etc., in all classes, including the writer, are very much mistaken, the Electropoise effects cures, and gives relief, where all other known remedies have failed. Especially efficacious in the relief of debilitated men and feeble children. I have used one of the standard Electropoises over two years and find it invaluable as a curative agent.

Editor of Central Methodist.

### Vestibuled Sleepers.

The Queen and Crescent have placed in service between Chattanooga and Birmingham, via Birmingham, Meridian, Jackson, Vickburg and Monroe, new vestibuled sleepers of the most modern improvement, being lighted with gas and upholstered in the grandest style.

This improvement is in accord with the improvements that are being made on the entire system, making it the most comfortable route between the North and South, which the traveling public will fully appreciate.
